

SHOCKBOX laminate door dry area lockers

With durable laminate doors that are less likely to scratch, dent or be damaged, **SHOCKBOX** is suited to dry areas that receive high volumes of traffic and use.

- Available in a range of colours.
- Choose from our Standard Range or specify a laminate to match your architectural design.

Inset doors

Provide a visual contrast between the door finish and the locker frame.

Overlay doors

Cover the front face of the locker body, creating a wall of colour.

See **page 43** for colour options.

See **pages 44** for locking options.

Numbering system

Optional number plates will be recessed into door if ordered with lockers.

HINGE SECURING PLATE

This strong hinge incorporates an integral securing plate which clamps the door to the hinge giving added security.

180° hinge

Hinges open through a wide 180° for ease of access.

Welded shelf plinth

High security welded compartment divider incorporating internal door stop and sill.

Laminate doors are available in a vast range of contemporary colours from leading manufacturers. Choose from our Standard Range or specify a laminate to match your architectural design.
